49m Feadship

TELEOST is a classic Feadship with enduring appeal. Built in 1998 and extensively refitted in 2023, she combines pedigree craftsmanship with modern upgrades and is presented in immaculate condition. With a flexible five-cabin layout for up to 12 guests and one of the most established crews in the charter market, she is a yacht with a proven reputation for delivering exceptional charters.

Her expansive decks are designed for easy outdoor living, from a sun deck with Jacuzzi, daybeds and bar, to generous lounging and dining areas aft. Inside, her interiors are warm and elegant, with refinished woodwork and flexible accommodation for up to 12 guests.

TELEOST is also one of the most capable yachts in the region for active charters. A full Nitrox dive programme with compressors and tanks, supported by an extensive collection of toys including eFoils, seabobs, waverunners and a waterslide, ensures guests can make the most of every moment on and in the water.

With a loyal crew, Feadship craftsmanship and a refit that leaves her in immaculate condition, TELEOST is ready to deliver exceptional charters across Australia, New Zealand and the South Pacific.
